#### **SUMMARY**

Computer science graduate with a strong foundation in programming, algorithms, and software development. Proficient in Python, Java, C++, and MySQL, with experience in Database management system, data analysis, and web development. Passionate about AI and cybersecurity, eager to solve real-world challenges in a dynamic environment.

## **SKILLS**

Programming Languages: Java, Python, C/C++, MySQL

Specialized Knowledge: Data Structures, Algorithms, Operating systems, Information Security

Technologies & Tools: SDLC Models, Machine Learning, Android Studio, Figma

Experience: Database management system, Software Testing, HTML/CSS Programing,

App Development

## **PROJECTS**

Smart Home Energy Management System

Jan 2024 - April 2024

## Description:

Led software development for a system optimizing residential energy usage through automation and analytics.

Achievements:

- Completed Planning phase, constructed Data Flow Diagram, and prepared the Software Requirements Specification.
- The Software was developed by using Agile model.
- Implemented Machine Learning algorithms, reducing electricity costs by 15%, and integrated the system with energy-efficient devices.
- Deployed on Windows environments, ensuring robust performance and scalability.

#### **CERTIFICATIONS**

**AWS Certified Cloud Practitioner** 

Aug 2023 - Dec 2023

Google Cloud Digital Leader

#### **EDUCATION**

Vellore Institute of Technology University

Aug 2021 - Present

B.Tech in Computer and Engineering, CGPA: 8.10/10

April 2020 - July 2021

Aditya Vidyashram Residential School

Completed CBSE 12th with 77.6%

March 2018 - May 2019

- The Study L'école Internationale
  - Completed CBSE 10th with 62.6%
